

Vermont Compost Operator Certification Training

November 1, 2019 ● 8:00 am to 4:30 pm ● Williston, VT

Join us for the 2019 Vermont Compost Operator Certification Training, presented by the VT Agency of Natural Resources (ANR). Through this workshop, participants will receive a Compost Operator Certificate, which meets the requirements of ANR for small, medium and large compost facility site operators. Current or future compost site operators will be certified to manage composting facilities handling food scraps or animal mortalities in Vermont.

This webinar, followed by a daylong workshop is focused on operator competency in compost management and regulatory compliance, and includes a dynamic combination of lectures, demonstrations, and hands-on exercises.

For more information and to register go to: www.CompostTechnicalServices.com
